Great Public Schools for Every Student

Adult Learning

Teacher Leader applies an understanding of adult learning theory to address a need.

Key Method

The educator uses the Learn-Design-Do-Reflect Cycle to create and implement a leadership plan in which adult learning is critical to its success.

Method Components

Principles of Adult Learning Theory

According to Malcolm Knowles (1984), four principles should be applied to adult learning:

- Adults need to be involved in the planning and evaluation of their instruction.
- Experience (including mistakes) provides the basis for the learning activities.
- Adults are most interested in learning subjects that have immediate relevance to and impact on their job or personal life.
- Adult learning is problem-centered rather than content-oriented. (Kearsley, 2010)

Learn-Design-Do-Reflect Cycle

The Learn-Design-Do-Reflect Cycle is a tool used in the NEA Teacher Leadership Institute to support the development of teacher leadership. The following descriptors will help you understand your participation in each step of the process.

- Learn: Delve into resources; explore the needs of your school, district, or state; and self-assess in order to gain a deep understanding of research, best practice, the needs of your educational setting and your own professional learning needs.
- Design: Design an action plan that addresses at least one of the needs of your school, district, or state.
- Do: Implement your plan and collect information and evidence about the challenges and successes of your implementation.
- Reflect: Take time to reflect on the outcomes and the process of implementation of your action plan and consider next steps.

Adult Learning and Teacher Leadership

According to the NEA Teacher Leadership Competencies (2018), developing your teacher leadership in the area of adult learning includes the following. (See Resource section for link to the Complete Guide):

- Implement adult-learning strategies while utilizing colleagues’ diverse areas of expertise.

Transforming Level

- Design and implement new learning opportunities for colleagues, respecting where they are in their practice, while focusing on extending not only their personal and professional growth but also their collective growth.
- Develop learning experiences that can be extended and replicated across diverse contexts and communities.
  - Lead others, including those of other cultures, to advocate for more innovative and creative ways to cultivate socially just learning environments.

Directions for Circle Map

- Center Circle: Core Theme/Belief

Use page 5 of the NEA Teacher Leadership Competencies Booklet (see Resources section) to identify the Core Belief/Theme that resonates with you.

- What inequities might they have experienced?
- What resources are needed to address these inequities?
- What are the needs of the community?
- How does the school address the needs of the community?

- How do the needs of my colleagues affect the classroom, school, and district?
- What are the needs of my local association?
- How do the needs of my association affect me and my colleagues?

Artifact 2: Review

Connect your Teacher Leader Circle Map to Adult Learning by answering the following questions (50–150 words or 3–5 bullet points each):

1. What might your role be as a teacher leader to positively impact the identified Adult Learning needs of your stakeholders (students, school, district, association), based on your context, grounded in your core belief/theme?
2. What might your role be as a teacher leader to inspire and support other potential teacher leaders in effective Adult Learning, based on your context, grounded in your core beliefs/theme?

Artifact 3: Design

Use the Teacher Leadership Adult Learning Competencies to design an activity or action that addresses an identified need from your Leadership Circle Map.
Complete and upload one of the following design templates:

- Option 1: 2018–Current Teacher Leadership Institute Fellows Action Plan Template. (See template in Resources section or use the one you created in your state cohort.)
- Option 2: Action/Design Plan Template for non-Teacher Leadership Institute Fellows. (See template in Resources section.)

Artifact 4: Do (part 1)

Upload three different artifacts that show evidence of implementation of your action plan annotated with descriptions (20–50 words each).

These artifacts may include:

- Website
- Newsletter
- Emails
- Recorded webinars
- Presentations
- Emails to/from participants
- Online forums (screenshots of conversations)
- Completed website
- Products developed during the process
- Voice-recorded messages for phone lists
- Group chats/text messages

The description should include:

- Time/date
- Number of participants
- Purpose of artifact and how it was used.

Artifact 5: Feedback from Participants – Do (part 2)

Obtain feedback from at least two stakeholders in attendance.

Use these prompts to obtain feedback to serve as evidence. Your chosen participants should respond to each prompt in 2–3 sentences or 2–3 bulleted points.

- How did the teacher leader engage you in Adult Learning?
- What were the intended outcomes? And to what degree were the outcomes achieved?
- What did you gain from participating in this experience?
- If the teacher leader were to implement this plan again, what could be done differently? Why?
- How did the teacher leader address diversity, equity, and cultural competence during this activity?

**Part 3 Reflection**

400 - 500 words

Please answer the following reflective questions. Please do not include any information that will make you identifiable to your reviewers.

- How will your knowledge of Adult Learning impact your leadership work with others?
- How will you continue to lead learning activities to enhance the practice of others at various levels of leadership?
- What are your next steps to continue your growth as a teacher leader?

**Passing:** Reflection provides evidence that this activity has had a positive impact on the Teacher Leaders as well as on others in the professional context of earning this micro-credential. Specific examples are cited directly from personal or work-related experiences to support claims. Also included are specific actionable steps that demonstrate how new learning will be integrated into future practices.
